HOW TO USE "LET K.E.V.I.N Listen"

1) Say "listen" once K.E.V.I.N stops talking.

2) Talk your problems to him.

3) Say "Kevin Stop" so it stops hearing and gives response.

4) Say yes or no as per your choice on "do u want me to continue listening?".

5) Say exit to quit at any time.

Warning: Only use one model at a time, always say "Exit" and wait for the response before you start the next model, or else you will get two responses at the same time and a big mess!
